Founded in 2014, we are an energetic family-owned company, with broad international background and experience, set up to advocate holistic care for body and mind. We integrate carefully selected time-honored traditional practices with cutting edge innovation, strict sustainability standards, and contemporary technology to deliver to you the copious benefits of superior-grade Bulgarian rose oil in the form of our exclusive skin care products.

And then we work with nature. We let it pamper your soul and skin and we embolden it to boost your unique beauty with an enchanting mix of rose oil scents and sun rays. Now you can freely savor each moment of your day without further worry about sunburn, long-term skin damage, or harm to your health, all the while revelling in the fact that you are one of a kind!

**Let our products nourish your skin with the fresh vitality of hundreds of natural rose petals, picked by hand and brought with love and care to the very threshold of your wellbeing: Rose Yourself!**
